

**ALWAYS READ** 'THE FINE PRINT'

## AT THE MIMAKI INNOVATION EXHIBIT: POWERED BY GARMENTPRINTER.COM

150 W. Walnut Street Suite 100 | Gardena, CA 90248

### Demo Schedule

- **9:00 am - Meet & Greet** Kick off the day with a warm welcome! Connect with fellow print enthusiasts and our dedicated team at GarmentPrinter.com.
- **9:30 am - Maintenance Workshop** Keep your Mimaki machines running at peak performance! Our technicians will provide a hands-on demonstration on essential maintenance practices to ensure your Mimaki equipment operates smoothly and efficiently, minimizing downtime and maximizing productivity.
- **10:00 am - Demos: All-Day DTF Workflow** Experience the future of printing with our all-day demos! Witness the entire DTF workflow, from printing with the Mimaki TxF150-75 and TxF300-75 to drying, heat pressing, and cutting. Discover the magic of 4-layer printing, explore creative holographic materials, and see stunning stickers come to life with the UCJV300 Series. Stop by anytime throughout the day to catch these impressive demonstrations.
- **10:30 am - CadLink Demo** Join us for an in-depth demonstration of how CadLink can integrate seamlessly with your Mimaki printer and can enhance and streamline your printing operations with features, such as precision color management, vector and raster editing, and automated workflow.
- **11:00 am - Networking Session** This is your chance to meet and connect with industry leaders, innovators, and peers. Share insights, discuss trends, and build relationships that could propel your printshop forward.
- **12:00 pm - OG Slick Car Wrap Application** Get ready for an exhilarating demonstration as the legendary OG Slick takes center stage to transform an ordinary car into a rolling masterpiece! Watch in awe as he meticulously applies his unique graphics, showcasing the precision and vibrant color capabilities of Mimaki technology. This is a once-in-a-lifetime chance to see OG Slick's art up close and personal. Whether you're an art enthusiast or a printing professional, this live car wrap application promises to be a highlight you won't want to miss. Be inspired by the fusion of urban art and advanced printing technology, and see how you can elevate your own projects with the tools and techniques demonstrated by a master artist.
- **12:30 pm - Lunch - Taco Truck Extravaganza** Enjoy a delicious lunch from our on-site taco truck! Take a break, grab some tasty tacos, and chat with fellow attendees.
- **1:30 pm - Q&A Session** Got questions? We've got answers! Get personalized advice, troubleshoot issues, and gain valuable insights to take your business to the next level.
- **2:00 pm - OG Slick Skateboard Applique and Laser Engraving** Prepare to be wowed by the highlight of the day! Watch OG Slick as he demonstrates how he applies his stunning art to skateboards using Mimaki machines and the Z-Galva Nanotech laser. Witness his creative process firsthand as he combines cutting-edge printing technology with laser precision to create a masterpiece. This is a rare chance to see an artist of OG Slick's caliber in action, showcasing the fusion of art and technology. Don't miss this electrifying demonstration that promises to be both inspiring and unforgettable!
- **3:30 pm - Demos: All-Day DTF Workflow Continues** If you missed any of the earlier demos, now's your chance to catch up! Our all-day DTF workflow demonstrations will continue, featuring DTF printing, 4-layer techniques, holographics, and sticker creation. Swing by to see these cutting-edge processes in action.
- **4:30 pm - Networking Session** Wind down the day with more networking opportunities. Engage in meaningful conversations, share your thoughts on the day's events, and build connections that could lead to future collaborations and business growth.
- **5:00 pm - Wrap Up** Thank you for being part of the Mimaki Innovation Exhibit: Powered by GarmentPrinter.com!
